

IEVGENIIA SYVUKHA

Project Management Consultant

Accenture (e& Project), 2025

Tanishka has continued to demonstrate outstanding performance as the UX and IxD lead of the Sales track, one of the core digital channels within Etisalat Design Studio. Her commitment to quality, professionalism, and ownership remains exceptional. She has been instrumental in leading the UX for Etisalat's self-service kiosks, consistently delivering strong results despite shifting requirements and high expectations.

Based on her strong track record and client trust, Tanishka was recently entrusted with leading the UX for GoChat as the product evolves. Following the successful full revamp of the app, she now steps into a more strategic role, shaping new features and ensuring continued UX excellence for one of the client's flagship products that has been recently recognized globally with an iF Design Award.

In addition to her high-quality IxD work, Tanishka has shown notable growth in creative areas such as illustrations and video animations continuously striving to add value in everything she does. This positions her as a hybrid designer, a unique and valuable combination for any program requiring high-speed delivery of engaging, interactive experiences.

Tanishka is reliable, focused, and highly effective in fast-paced, high-demand environments. She consistently delivers to a high standard and earns the respect of both the client and the wider team.

Her contribution to the Design Studio is significant, and she continues to grow as a trusted leader and design professional. Thank you, Tanishka, for the positive impact you make on the client and entire design studio team!

Tanishka is a superstar in my eyes—a true hidden gem. She is proactive, creative, and someone I can always depend on to deliver, especially under tight deadlines.

She is an invaluable asset to her team and peers. Tanishka leads the IxD for the Go Chat app and has previously led design for the sales track.

I'd love for Tanishka to continue pushing herself and supporting Ritesh. My next step is to make her a sub-team leader, giving her the responsibility of managing other designers while also developing her leadership skills.

Keep shining Tanishka.

Tanishka is a strong UX designer with a great mix of design thinking, attention to detail, and communication skills. She consistently delivers clear, user-focused solutions and always approaches problems with a structured and thoughtful mindset.

One of her strongest qualities is how well she communicates with both internal teams and clients. She explains design decisions clearly, listens actively, and creates a space where everyone feels heard. Clients respect her, value her advice, and trust her expertise—which says a lot about her credibility and professionalism.

Tanishka collaborates effectively with product owners, and fellow designers, always aiming for the best user experience while keeping technical constraints and timelines in mind.

Reliable, proactive, and always open to feedback—Tanishka is the kind of teammate who quietly makes a big impact. I personally enjoy working with her, because I know things will be done with solid expertise and always on time.

Accenture (e& Project), 2025

“ Tanishka is an absolute pleasure to work with. Her exceptional positive attitude consistently sets the tone for great work within the team. She is not only reliable and responsible but also shows thoroughness and diligence in everything she does - whether it's her craft, understanding the task and scope, or even sharing estimates. Tanishka has strong communication skills, which enable smooth and effective collaboration with all stakeholders and lead to successful outcomes. Tanishka's kindness and positivity foster a collaborative and supportive atmosphere.

All in all, Tanishka is a highly valuable team member who contributes consistently and meaningfully.

Looking ahead, I would encourage Tanishka to deepen her knowledge of the latest design trends, particularly exploring emerging tools such as AI-driven design technologies. Taking the initiative to collaborate even more and push her boundaries will help elevate her to the next level in her career.

I look forward to Tanishka's continued growth and success.

“ I would like to commend Tanishka for her outstanding work in EDS team. Her exceptional design skills (both UX and UI) consistently elevate the quality, are always innovative, and aligned with the projects goals. She has a keen eye for details and deep understanding of user needs, which she seamlessly integrates into her work. Tanishka is incredibly helpful and collaborative. Looking ahead, I believe you posses skills that could be effectively utilised in a management role. Your organisational abilities, patience, and keen observational skills already showed great abilities in guiding others and impact to collective success. Keep up the great work!

“

Hey T,
You've been incredibly proactive and always available when I reach out for guidance or expert advice, which has made such a difference to my work. Your expertise is always spot-on, and I feel confident knowing I can rely on you for valuable insights whenever needed.

Your briefs are always clear, concise, and well thought-out, making it easy to align on project goals. I'm especially impressed with your innovative approach to user experience, where you consistently propose fresh, customer-centric ideas that enhance the overall experience. Your creativity has definitely elevated the quality of our designs and ensured we're delivering truly impactful solutions for the client.

You have a unique ability to balance both user needs and business objectives, and it's clear you always strive for the best outcome. Your contributions have been invaluable, and I've learned a lot from your approach to problem-solving and design thinking.

In terms of areas for growth, I can't think of anything significant to suggest right now, as your work is already excellent. However, if there's any way to further streamline collaboration between teams or find even more opportunities for cross-team knowledge sharing, that could take our overall work to the next level.

Thanks again for being such a fantastic colleague and for consistently pushing the boundaries of great design. I look forward to working with you even more in the future!

Best,A

Hi Tanishka,

Here you go

- Quality of my work – Fantastic, 9/10
- Communication – Fantastic, 9/10
- Collaboration – Fantastic, 9/10
- Adherence to project requirements – Fantastic 9/10

I won't give 10, as there is always scope of improvement. Why 1 less, this will make you think and will help you to become a much better professional and end of the day a better human being.

To add - Fantastic team player, understands the urgency of the work and requirements, which helps in prioritization of tasks in hand.

Overall, you have a strategic mindset, which helps you to connect the dots and deliver your tasks on time. Communication skills is added advantage.

Regards,
Raman

“ Dear Tanishka,

It has been a pleasure working with you so far and please find below feedback:

You have shown impressive dedication and a positive attitude towards your work on EASE and SAS Channels. Despite the complexity of some tasks, you have consistently demonstrated a willingness to collaborate and co-create, delivering results on time. Your communication skills have been excellent, helping to avoid any misunderstandings and ensuring timely delivery of UIs. While you have excelled so far, there may be opportunities for further development/contribution in the domain aspect for SAS flows, specifically in obtaining existing SAS assets or sources to supplement your existing knowledge base and provide quicker input.

Best Regards,
Fahad
